PLEATED BLINDS

SilentGliss

Pleated to perfection

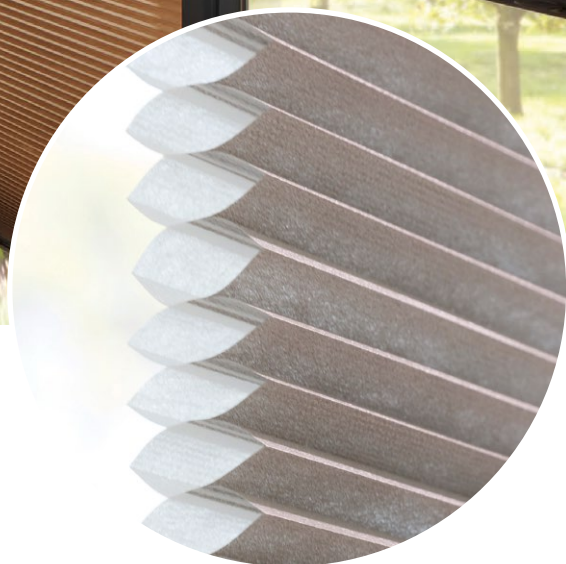

Pleated blinds remain one of the most timeless and versatile interior shading systems. They are available in an array of window shapes and operation methods, providing optimum privacy, glare protection and temperature control.

Silent Gliss offers a wide range of made-to-measure models across different fabric transparencies and colours.

LIMITLESS INDIVIDUALITY

- Accommodates the most challenging window shapes
- Dirt and moisture-resistant fabrics
- Partial or complete privacy and glare protection
- Electric or manual operation
- Easy installation

ALWAYS IN PERFECT SHAPE

Be it standard or unusually shaped windows, dormers, skylights, or conservatories. Whether vertical or inclined (up to 90°), the custom-made designs make the impossible possible. Side-guided systems can be freely moved up and down.

SPOILT FOR CHOICE

Pleated blind systems are a great design choice with 47 pleated and DUETTE® fabrics in over 270 colours, patterns and textures.

Select from three transparency grades for optimum light management, conveniently controlled at the touch of a button or by hand.

HONEYCOMB FORM FOR INTERIOR CLIMATE AND ACOUSTICS

DUETTE® honeycomb pleated blinds are proven to help regulate interior heat levels in both summer and winter with the added benefit of improving room acoustics.

The wide choice of fabric transparencies allows a range of applications from room darkening for bedrooms, a soft uniform light in living areas, even managing glare at workstations.
